SECTION 2 - HAZARDS IDENTIFICATION

This product is NOT CLASSIFIED as Hazardous according to criteria of Work Safe Australia.
 This product is NOT CLASSIFIED as a Dangerous Good according to the Australian Dangerous Goods (ADG) Code.

Risk Phrases: Not Hazardous - No criteria found.
ADG Classification: None allocated. Not a Dangerous Good under the ADG Code.
UN Number: None allocated

SECTION 3 - COMPOSITION/INFORMATION ON INGREDIENTS

Ingredient	CAS Number	%	TWA (mg/m ³)	STEL (mg/m ³)
Water	7732-18-5	to 100%	Not Set	Not Set
Non hazardous surfactants	Various	<10%	Not Set	Not Set
Other non hazardous ingredients	Secret	<10%	Not Set	Not Set

This is a commercial product whose exact ratio of components may vary slightly. Minor quantities of other non-hazardous ingredients are also possible.

The ASCC TWA exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The STEL (Short Term Exposure Limit) is an exposure value that may be equalled (but should not be exceeded) for no longer than 15 minutes and should not be repeated more than 4 times per day. There should be at least 60 minutes between successive exposures at the STEL. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded, even briefly.

SECTION 4 - FIRST AID MEASURES

You should call The Poisons Information Centre if you feel that you may have been poisoned, burned or irritated by this product.

General Information: Normal safety measures should be observed.

Skin contact: Rinse under running water until product is removed.
Eye contact: Rinse contaminated eye(s) under running water until product is removed. Obtain medical advice if irritation becomes painful or lasts more than a few minutes. Take special care if exposed person is wearing contact lenses.
Ingestion: Low oral toxicity. DO NOT induce vomiting.
Inhalation: N/A (If in doubt, contact a Poisons Information Centre or a doctor).

SECTION 5 - FIRE FIGHTING MEASURESSUITABLE EXTINGUISHING MEDIA

Non-flammable/Non-combustible, foam

SPECIFIC HAZARDS ARISING FROM THE CHEMICAL

According to current information, when handled and stored correctly no effects damaging to one's health occur. Labeling is not required according to the latest Australian or EEC regulations.

SPECIAL PROTECTIVE ACTIONS FOR FIRE-FIGHTERS

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk.

SPECIAL PROTECTIVE EQUIPMENT FOR FIRE-FIGHTERS

Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

PERSONAL PRECAUTIONS, PROTECTIVE EQUIPMENT AND EMERGENCY PROCEDURES: Use disposable gloves.

ENVIRONMENTAL PROTECTIVE MEASURES: Not Applicable

METHODS AND MATERIALS FOR CONTAINMENT AND CLEANING UP: Slippery when wet, remove mechanically and/or use absorbent materials e.g. sawdust, sand, or vermiculite as necessary, rinse surfaces thoroughly with water. Dispose according to local and federal regulations.

SECTION 7 - HANDLING AND STORAGEPRECAUTIONS FOR SAFE HANDLING:

No specific instructions.

CONDITIONS FOR SAFE STORAGE, INCLUDING ANY INCOMPATIBILITIES

Store in closed containers under cool (less than 30°C), dry warehouse conditions.

SECTION 8 - EXPOSURE CONTROLS AND PERSONAL PROTECTIONOCCUPATIONAL EXPOSURE LIMITS

Exposure limits have not been established by ASCC for any of the significant ingredients in this product.

No special equipment is usually needed when occasionally handling small quantities. The following instructions are for bulk handling or where regular exposure in an occupational setting occurs without proper containment systems.

Hand protection: Disposable gloves if exposed to product for extended period.

Eye Protection: N/A under normal conditions of use.

Respirator: N/A

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Physical State	Medium-viscosity lotion
Colour	Transparent Purple
Odour	Characteristic (lavender)
pH	6.00 - 7.00
Viscosity	TBA
Specific Gravity	TBA

SECTION 10 - STABILITY AND REACTIVITY

REACTIVITY: No specific test data related to reactivity available for this product or its ingredients.

CHEMICAL STABILITY: Stable under normal conditions of use

CONDITIONS TO AVOID: N/A

INCOMPATIBLE MATERIALS: N/A

HAZARDOUS DECOMPOSITION PRODUCTS: May release Carbon Dioxide on combustion

SECTION 11 - TOXICOLOGICAL INFORMATION

INFORMATION ON TOXICOLOGICAL EFFECTS:

Acute toxicity:

N/A

Potential acute health effects:

Skin contact: Essentially non-irritating

Eye contact: Only possible irritation when applied directly

Sensitisation: Essentially not a potential sensitiser on ingredient assessment.

According to current information, when handled and stored correctly no effects damaging to one's health occur. Labeling is not required according to the latest Australian or EEC regulations.

SECTION 12 - ECOLOGICAL INFORMATION

TOXICITY Not toxic

BIODEGRADABILITY Biodegradable

SECTION 13 - DISPOSAL CONSIDERATIONS

There are many pieces of legislation covering waste disposal and they differ in each state and territory, so each user must refer to laws operating in their area. In some areas, certain wastes must be tracked. The Hierarchy of Controls seems to be common - the user should investigate: Reduce, Reuse, and Recycle and only if all else fails should disposal be considered. Note that properties of a product may change in use, so that the following suggestions may not always be appropriate. The following may help you in properly addressing this matter for this product.

This product may be recycled if unused, or if it has not been contaminated so as to make it unsuitable for its intended use. If it has been contaminated, it may be possible to reclaim the product by filtration, distillation or some other means. If neither of these options is suitable, consider controlled incineration, or landfill.

SECTION 14 - TRANSPORT INFORMATION

This product is NOT CLASSIFIED as a Dangerous Good. No special transport conditions are necessary unless required by other regulations.

SECTION 15 - REGULATORY INFORMATION

Labeling according to Australian/EEC regulations: Not Applicable

SECTION 16 - OTHER INFORMATION

This information is based on today's knowledge of the raw materials used. Product should be used in accordance with manufacturer's directions and only for the purpose of its intended use.
